PROJECT NAME: LINKO
TEAM MEMBERS: COROIU SEBASTIAN-DANIEL

IDEA IN SHORT:
Linko connects elderly individuals in need of daily support (groceries, medication, check-ins) with young volunteers in their community through an intuitive mobile app.

Hardcore Entrepreneur hackathon 6.0

1.PRODUCT - PROBLEM WE SOLVE

PROBLEM:
Romania has 3.2 million elderly people, with 40% living alone, facing isolation, limited mobility, and vulnerability in emergencies.

SOLUTION: A mobile app that connects elderly individuals (65+) with verified volunteers (18–35) for fast, local support.
- On-demand help (groceries, medication, check-ins)
- Proxy Requests (request help for others)
- Interactive map, chat, and user verification

2. OUR TARGET GROUP & SDGs

TARGET SEGMENTS:
- Requesters: 1.2M elderly (65+) in urban areas
- Volunteers: 800K young adults (18-35)
- Proxy Users: 2M concerned relatives

SUSTAINABLE DEVELOPMENT GOALS:
SDG 3 (Good Health), SDG 10 (Reduced Inequalities), SDG 11 (Sustainable Cities), SDG 17 (Partnerships)

3. SMART OBJECTIVES

S - Become the leading community assistance platform in Bucharest + 5 major cities
M - 10K active users, 50K completed requests
A - Functional product, 200+ beta users, Validated market demand
R - Measurable social impact, Demographic trends, Crisis resilience
T - Q2 2026: Launch, Q4 2026: 5 cities, Q1 2027: Break-even

4. PRICE

Partners (40%): 5-10% commission → €10K/month
Premium (30%): €10/month subscription → €7.5K/month
Sponsors (20%): CSR programmes → €5K/month
Grants (10%): EU/Government → €2.5K/month

5. PROMOTION

Organic Growth (40%): Community outreach, partnerships
Digital Ads (30%): FB/IG targeted campaigns
Strategic Partnerships (20%): Pharmacies, municipalities
